ANKIT KUMAR

ankit43751@gmail.com| +917250472119 | www.linkedin.com/in/rdxankit123 | https://github.com/AnkitGct984

Professional Summary

Final year B.E. CSE student at Gnanamani College of Technology, Tamil Nadu, skilled in JavaScript, React.js, Node.js, Express.js, and MongoDB. Built and deployed full-stack web applications with secure authentication, RESTful APIs, and responsive UI. Strong grasp of Git workflow, database design, and cloud deployment (Render, Vercel, MongoDB Atlas). Seeking an entry-level Full Stack Developer role to grow and contribute.

TECHNICAL SKILLS

Languages	JavaScript, HTML, CSS
Frameworks/ Libraries	React.js, Node.js, Express.js
Databases	MongoDB
Tools	Git, GitHub, VS Code, MongoDB Atlas, Postman
Concepts	REST APIs, JWT Authentication, MVC Architecture, Responsive Web Design, CRUD Operations
Other	Deployment (Render, Vercel), Cloud Storage (Cloudinary), Email Integration (Nodemailer), MongoDB Atlas

PROJECTS

1. Personal Portfolio Website | HTML, CSS, JavaScript

- Built a fully responsive personal portfolio showcasing projects, skills, and contact information.
- Implemented smooth scroll animations and mobile-first design using CSS Flexbox and Grid.
- Deployed on GitHub Pages — https://github.com/AnkitGct984/calculater1

2. Mini Web Projects (Calculator & Tic Tac Toe) | HTML, CSS, JavaScript

- **Developed interactive web applications, including a Calculator and Tic Tac Toe game, using HTML, CSS, and JavaScript. Implemented responsive UI, DOM manipulation, event handling, game logic, and user-friendly interfaces.**

3. Weather App | JavaScript, Open Weather API

- Created a real-time weather application fetching live data using the Open WeatherMap REST API.
- Displayed temperature, humidity, wind speed with dynamic icons based on weather conditions.
- Handled async/await, error states, and loading indicators for a smooth user experience.

4. Restaurant Management System | React, Node.js, Express, MongoDB, Socket.IO

[https://restaurant-frontend-green-psi.vercel.app]

- Built a full-stack restaurant platform with role-based dashboards (Admin/Chef/Waiter/Customer), JWT auth with OTP verification, and real-time order tracking via Socket.IO
- Integrated Razorpay for payments and built an admin analytics dashboard with sales/revenue visualizations using Recharts
- Designed RESTful APIs (12+ modules) with MongoDB, implementing automated inventory deduction and low-stock alerting via cron jobs
- Deployed production app across Vercel, Render, and MongoDB Atlas, handling CORS configuration and cross-service environment setup

5. Job Board Platform | React.js, Node.js, Express, MongoDB, JWT |[https://job-board-frontend-kohl.vercel.app]

- **Built a full-stack job portal enabling employers to post jobs and manage applications, and candidates to search, apply, and track application status**
- **Implemented secure JWT-based authentication with role-based access control for employers and candidates**
- **Integrated resume upload functionality using Multer and Cloudinary for persistent cloud storage**
- **Designed automated email notifications for application confirmations and status updates using Nodemailer**
- **Deployed backend on Render and frontend on Vercel, with MongoDB Atlas as the database**

6. Online Quiz Maker | React.js, Node.js, Express, MongoDB, JWT | [https://quiz-app-frontend-five-tan.vercel.app]

- **Developed a full-stack quiz platform allowing users to create custom quizzes and take quizzes with instant scoring and answer review**
- **Implemented OTP-based email verification for user registration and secure password reset functionality**
- **Built RESTful APIs for quiz creation, submission, and score tracking, with protected routes using JWT middleware**
- **Designed a responsive UI with a dynamic question builder and step-by-step quiz-taking flow**
- **Deployed backend on Render and frontend on Vercel, with MongoDB Atlas as the database**

EDUCATION

Degree / Course	Institution	Year / %
B.E Computer Science Engineering	Gnanamani college of technology, Tamil Nadu	2023-2027 | 7.08 CGPA
12th (Bihar Board / PCM)	+2 High school Naugachai , Bihar	2023| 63%

CERTIFICATIONS

Paper Presentation on Artificial intelligence & Machine Learning – concepts and real-world applications – Inter- college seminar, Knowledge Institute of Technology (KIOT), Tamil Nadu, 2024.

Participant- One Day CEO Leadership & entrepreneurship summit, Knowledge Institute of Technology (KIOT) 2024

Web Development Internship — Cod Soft *(Virtual)*
July 2026 | Certificate ID: 91d9e46
Completed a 4-week virtual internship program in Web Development, recognized with outstanding remarks for contributions to real-world tasks and projects.

SOFT SKILLS

Problem Solving	Team Collaboration	Quick Learner	Attention to Detail
Time Management	Communication	Adaptability	Creativity

LANGUAGES KNOWN

- Hindi — Native
- English — Intermediate (Read, Write, Speak)
- Tamil – basic

Cover Letter

Ankit Kumar

Dear Hiring Team,
I am Ankit Kumar, a final year B.E. CSE student at Gnanamani College of Technology, Tamil Nadu, applying for the Full Stack Developer role at your organization.
I have hands-on experience with HTML5, CSS3, JavaScript, React.js, Node.js, and MongoDB, along with building and deploying full-stack web applications. I am a quick learner, adapt well in team environments, and am eager to contribute and grow professionally.
Please find my resume attached for your reference. Looking forward to the opportunity.
Best regards,
Ankit Kumar
